Established 16 years ago by Di Simmons, Di built up a loyal customer base where the business grew quickly and larger premises were required where they are located today on 295 Wattletree Road, Malvern East.

After 9 years Di retired and Linen Hire is now owned and run by her eldest son David Simmons.

David's past has incorporated many years working in the financial markets, wholesale electronics, and his own courier business. Over the years he has also assisted Di with her business where he saw how exciting event styling was and took on the opportunity to take over the family business.

Every now and then Di pops in just for old times sake and to mix with her loyal customer base of whom many have become friends of the family business now. Seven years on and David's style, creativity and professional services have been a great addition to the Linen From Di Simmons brand.

Please visit our showroom to see that we carry a vast range of the finest quality linens. What we do not have, we can source and manufacture to your requirements.
